Come in to the beautiful outdoors.

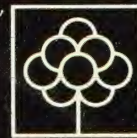

The Standard Life Centre in Lloyd D. Jackson Square offers a prestigious blend of warmth and efficiency, for those who appreciate the fact that an office environment is a reflection of company image.

With nearly an acre of office space on each of its eleven floors, this innovative tower surrounds the relaxed, natural beauty of a spectacular indoor garden atrium and cascading waterfall.

Situated at the crossroads of business and government, the newest addition to the Square is an expression of thoughtful planning and uncompromising quality.

We invite you and your staff to come into the beautiful outdoors in the heart of a growing city.

President's Message

The Hamilton metropolitan area has turned a corner. An economic focus has been created. The energy and resources of almost every sector of the community are now directed toward the attraction and retention of investment and jobs. If that commitment continues, we have every confidence that our city and region will emerge from this recessionary period in good health and with excellent prospects.

During the presidency of Maurice Carter the Chamber was proud to play a major role in the creation of that focus. Our primary thrust today is to develop it into a total community strategy for a prosperous future.

To achieve that end, we will work in harmony with all who share our optimism and our vision.

The heart of the Chamber's vigour and creativity continues to be its committee structure which has served the organization so well for so long. Your participation is its lifeblood.

Our programs for members (e.g. club, seminars, group health and dental plans) will be responsive to your needs.

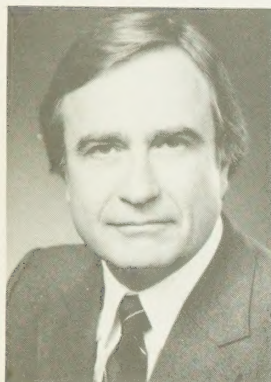

Above all, we will be constantly mindful of our responsibility to ensure that the views of our regional business community are responsibly articulated, heard and acted upon.

The Hamilton and District Chamber of Commerce is not operated by one man or one woman. Nor does it exist to serve the interests of a few select businesses. Rather, it is controlled and financed by hundreds of area businesses to permit them the opportunity of applying their collective expertise to the full achievement of our community's potential.

Our record is enviable. With your help we will maintain it in 1983/84

Why it pays to belong to The Hamilton and District Chamber of Commerce

The Innovators

Volunteer committees meet monthly to resolve issues confronting business and develop programs to benefit the community. These opportunities to have your voice heard through personal interaction with other business leaders is a valuable benefit of Chamber membership.

Informative Publications

What mileage/kilometer rate should you pay employees? What should your vacation policy be? Those are just two questions you will find answers to when you read PANORAMA and the other informational material mailed to you by the Chamber on a regular basis.

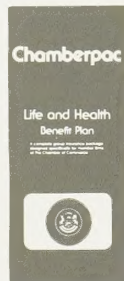

The Chamber and the Community

The Maintenance of a quality community lifestyle and the operation of a profitable business go hand-in-hand. In the past, Chamber members created the Hamilton Regional Arts Council and the Better Business Bureau. Today they represent the organization on numerous civic boards and commissions.

Group Health and Dental Plans

Small and medium sized business owner/managers are provided the opportunity of acquiring large corporate coverage at an affordable cost.

Your own Private Club

Private dining room, lounge and meeting room facilities are located in Lloyd D. Jackson Square for the exclusive use of Chamber members and their guests.

Tours, Seminars Information Meetings

Employer rights! A tour of the Toronto Stock Exchange! Those are just two examples of educational seminars and tours arranged for Chamber members in recent months.

Business Opportunities

How can your business sell to governments? What government programs can you take advantage of? Regular opportunities are arranged for Chamber members to have these types of questions answered.

Government Representation

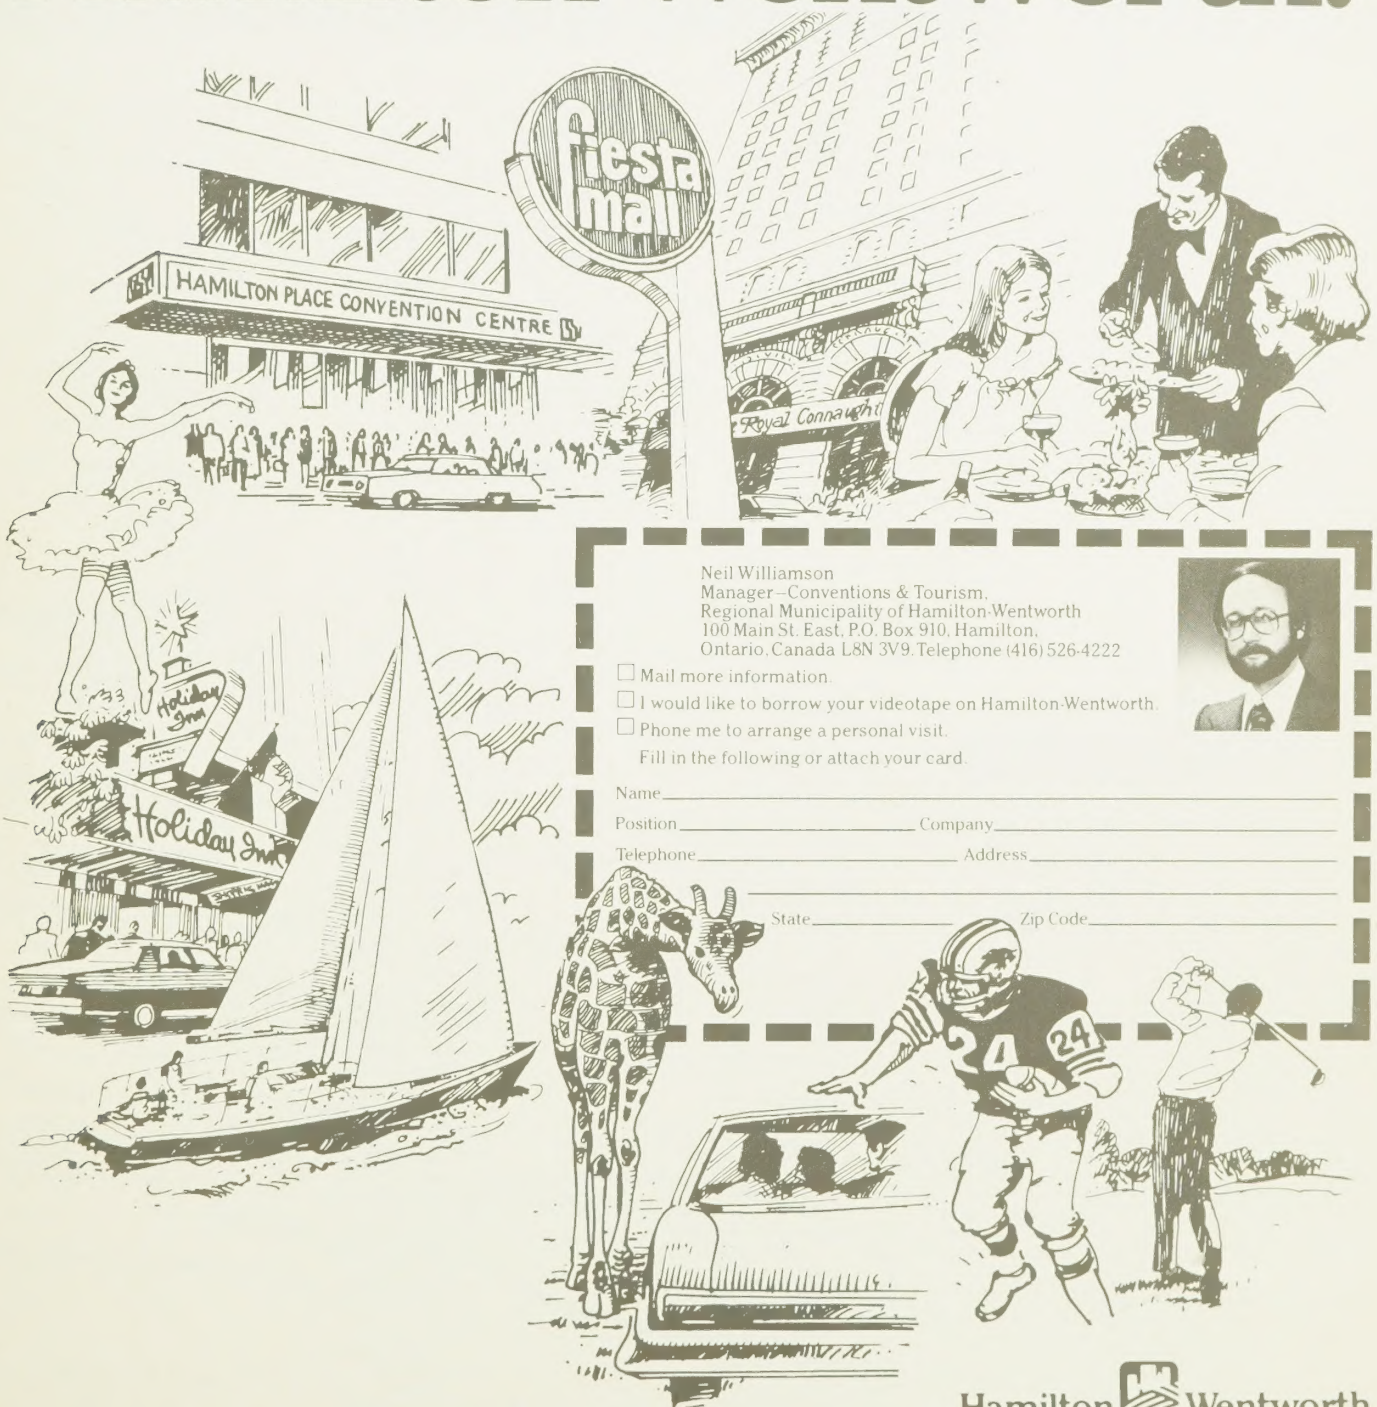

The Chamber is charged with the responsibility of ensuring that the concerns of business are properly presented to the appropriate level of government. Whatever the issue, members develop and adopt the organization's policy, then present it to the governmental body involved.

For further information call 522-1151

Chamber of Commerce membership is a tax deductible business expense.

"Let me tell you why so many conventions are booked into Hamilton-Wentworth."

How to Use This Directory

For your convenience, the directory lists its member firms in each of the two sections:

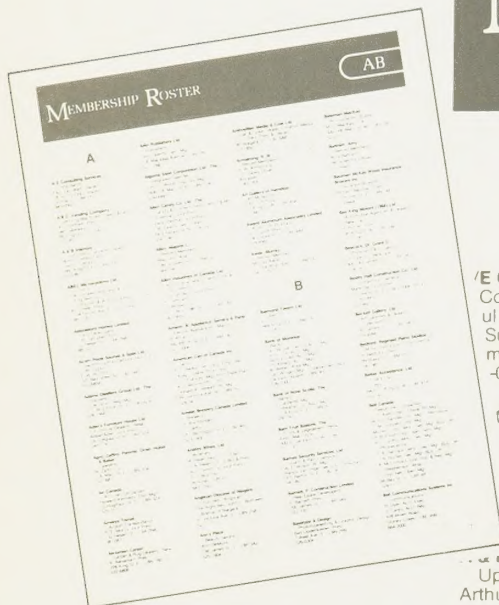

1. The Membership Roster (pages 7 - 23) presents each firm alphabetically with address and telephone number as well as the name of its key representative to the Chamber of Commerce. This master listing also includes the firm's business classification as it appears in the Buyer's Guide.

2. The Buyer's Guide (pages 30 - 67) classifies the member firm according to its type of business and lists its address and telephone number.

Also included, for your convenience, is an alphabetical listing of individual representatives and their company names. This listing can be found on pages 24 - 28.

For example, The Allan Candy Co., Ltd., is listed as follows:

LONDON, PARIS, FRANKFURT, ZURICH.

NO ONE GETS YOU THERE IN MORE LUXURY. WHATEVER THE CLASS.

AIR CANADA INTERCONTINENTAL INTRODUCES A NEW STANDARD OF COMFORT AND SERVICE OVER THE NORTH ATLANTIC.

Nothing but nothing that your customers have ever experienced can prepare them for the Intercontinental. It's a new standard of "in-flight" space and comfort available February 1 on Air Canada transatlantic flights.

FIRST CLASS

New Intercontinental First Class* is sheer opulence. Offered at the normal first class fare level it sets standards not even approximated by other airlines.

All seats are fully reclining sleeperettes with 61" of space between rows. Complimentary stereo headsets are electronic. And your customers are plied with thoughtful extras: eyeshades, sockettes, a Hermès toiletry kit, and such surprise gifts as a Cross pen or gold pin.

First Class meal and beverage service scales the heights. Seven course gourmet meals are served in opulent settings of linen, silver, and china. Not to mention the vintage wines and fine liqueurs.

All this in addition to Air Canada's traditional First Class amenities: separate check-in counter, the Maple Leaf Lounge, and now seat selection at time of booking.

EXECUTIVE CLASS

Intercontinental Executive Class, offered at a premium over full-fare economy, is so totally dedicated to the business traveller that it offers a separate cabin with wider seats and more leg room.

Executive Class passengers can now enjoy advance seat selection at time of booking, separate check-in counter, and Maple Leaf Lounge privileges at major airports.

On board they will be provided complimentary amenities such as electronic stereo headsets, eyeshades and sockettes and will be served a four course meal lavishly highlighted with complimentary wines and liqueurs. Upon deplaning, a complimentary gift will be offered.

HOSPITALITY SERVICE

Intercontinental's new standards of comfort and service invest the rest of the aircraft with what can only be summarized as Hospitality Service.

Even here, Intercontinental innovations will include complimentary bar and wine service, complimentary headset, movie and full course meal.

Full-fare economy passengers in Hospitality Service can count on an important extra: seat selection at time of booking.

Air Canada Intercontinental is not just an upgrading of transatlantic service, it's an upscaling of "in flight" standards.

4,000 acres are for industrial growth.

6,000 acres are for the birds.

When you plant yourself here, you'll be part of Canada's thriving industrial capital. Hamilton-Wentworth is also a beautiful place for people.

You'll find unspoiled conservation areas just minutes away from our steel mills. You can enjoy country living within minutes of your plant or office. You can sail, golf, ski, hike and camp, attend a symphony, opera or Broadway show without even leaving town.

We're the natural choice that makes sound business sense.

Your company will be strategically located to serve major

markets in Canada and the United States via efficient road, rail, water and air transportation.

Energy has a secure future in Hamilton-Wentworth. Canada has an abundance of natural gas, oil, coal and electrical power.

So share in our good life and our great future. We're ready to move to help make it happen without red tape and delay. Because Hamilton-Wentworth is one beautiful environment for business people. And birds.

We cut red tape in

Working to keep Canada on the move and growing...

When International Harvester first began its Hamilton operations back in 1903, we were in the business of manufacturing farm equipment.

Soon International Harvester designers put the know-how and experience they had gained down on the farm to good use creating the International Harvester truck fleet. And we've never looked back.

Today, International Harvester trucks can be found on highways from Vancouver Island to Newfoundland.

And our emblem is a familiar sight at Quebec mines, Alberta oilfields, B.C. lumbercamps and on jobsites from one end of the country to the other.

We're INTERNATIONAL HARVESTER. The truck and agricultural equipment people. Still hard at work keeping Canadians on the move — and helping Canada grow.

The Griffin

and eagle — made its
once in the folklore
as a guardian of gold. On
feature found some
the stories went, it instinctively
guarded the treasure with its
life. Thus grew the legend
and as heraldry.
Middle Ages, the griffin became
a familiar symbol of printing
an emblem of wisdom, consistency
and craftsmanship.
At W. L. Griffin Limited, we're proud to
display the griffin emblem, symbolic as
it is both of our name and of our philosophy
of doing business.

Can you manage without us?

The first years in the development of a supervisor are critical. And even experienced managers benefit from refreshers, or need more competence in certain skill areas.

Mohawk's Marketing & Contract Services Division can help. Our management training programs are assembled and delivered by experts. From interpersonal skills such as leadership, to task-

related skills like time management and problem solving. Choose a packaged program or one customized to **your** needs and corporate culture. Our fees are highly competitive and you may qualify for a Provincial Training in Business and Industry (TIBI) grant.

Successful management is **effective** management.

For information on Mohawk's programs in effective management contact:

**It takes more
than machinery to be a
productive steelmaker.**

"You do the best you can to produce as much steel as you can," according to Jim Whitehouse, a Finishing Roller in Dofasco's Hot Strip Mill. "And when you've had an especially good day, you really feel you've accomplished something. That's the way I feel about it, and I know the whole crew feels the same."

When teamwork and experience go hand in hand, the result is productivity.

DOFASCO

Our product is steel. Our strength is people.

We treat water as if our future depended on it.

We look at it this way: the water used in all our plants is just on loan to us. It's ours to use, but it belongs to everyone – including all the generations to come. And that's why we treat water the way we do.

In the past sixteen years, Stelco has invested heavily in water treatment programs and equipment. In many cases, we even pioneered new treatment techniques where existing technology just wasn't adequate.

At Stelco we treat water as if everyone's future depends on it. It does.

Changing products. Changeless quality.

When Firestone Canada began, back in 1922, we were 100 people in a small Hamilton plant, making tires for the fledgling Canadian auto industry.

Those first tires weren't very sophisticated by today's standards, but their dependable performance quickly earned Firestone a reputation for quality.

Tires have come a long way since then — and so has Firestone Canada.

Today we employ 5,600 Canadians in locations coast to coast. Firestone tires are known and respected around the world. The Firestone name is proudly displayed on the country's largest chain of retail tire service centres. Other Firestone divisions produce products ranging from seat belts and steel rims to auto trim, nylon yarns and industrial resins.

We've grown and changed — yet one thing remains the same.

We still put our reputation for quality on the line each time a customer uses any of our Firestone products or services.

That's why our Firestone products are the best they've ever been. And why they'll be even better tomorrow.

That's the Value of
Firestone

Beautiful!

Over 170 stores and services including Sears, Eaton's, Robinson's and Dominion offer you this area's largest selection of merchandise — all under one roof.

Come for the fun of it.

There's lots of free parking and we're open Thursday and Friday nights until 9 p.m.

It's your place — a show place.
Lime Ridge Mall, be a part of it all!

HAMILTON PUBLIC LIBRARY

Take a look at our FH-227's—the Commutair aircraft that allows us to fly between Hamilton, Ottawa and Montreal so often, at such convenient times.

It's also the aircraft we've custom designed for added legroom and carry-on storage space—so you can really stretch out and relax while enjoying attentive in-flight service, including champagne with breakfast. There's even a conference corner!

So for short-haul service that's long on comfort and convenience, ask your travel agent to book you Commutair. Or call Nordair at (416) 525-9090.
